

Standing Order

If you would like to make contributions to your Cheviot pension and you are no longer actively employed by a contributing Employer, you can still continue to make contributions by creating a standing order with your bank.

For most individuals who utilise internet banking you will be able to create a standing order online using the details below, alternatively you can take these details to your local bank branch:

**Bank: NATWEST Bank

To ensure your contributions are allocated as efficiently as possible we will require your Cheviot pension reference number to be added to the Standing Order instruction. This reference number can be found on your most recent benefit statement.
